

## IPhO 2022 – Code of conduct

### Participant coordinates (participant, leader, observer, inviligator):

First name:

Last name

Postal address

Country

As a participant to the IPhO 2022, being as a participant, leader, observer or inviligator, I:

- **certify that I am aware of the IPhO regulations**, in particular that
  - no connected devices might be used during the experimental and theoretical examinations (cellphones, connected watches, etc.)
  - if the use of a connected device cannot be avoided for the experimental exam, the device will strictly be used to run the official code, not other function may be used
  - only approved calculators might be used (not graphical, no more than 3 lines displayed, memory cleaned before every examination)
- **commit myself**
  - as a student: not to cheat or attempt to during during the examinations
  - as a student: not to contact any external contact during or before the examinations, outside of the organizers or the inviligators for organizational purposes.
  - not to communicate about the exam content within the team until the day after the examination
  - to report any case of cheating to [contact@ipho22.com](mailto:contact@ipho22.com)
  - to take part to the event with full integrity
- **understand**
  - that any case of cheating (or attempt) might lead to my exclusion of the competition
  - that any case of cheating (or attempt) might lead to the exclusion of my entire team
